Capacity	1060 LTR
Dimensions External (mm)	H:467 x L:467 x W:467
Dimensions Folded (mm)	H:467 x L:1155 x W:1155
Tare Kg	90
Gross Weight Kg	1590
Max S.G	1.5
Base Slope	0 deg
UN Packaging Group	N/A
Test Pressure	0
Max Working Pressure	0
Vaccum	0
Construction	PP
<u>Transport and storage</u>	
Warehouse Store	
Stack Qty Full	4
Stack Qty Empty (Folded)	10

40 ft Taut liner	
Stack Qty Full	2
Stack Qty Empty (Folded)	5
Shipping Container	
Stack Qty Full	2
Stack Qty Empty (Folded)	5

Construction

Injection moulded Polypropylene welded, sandwich construction, reinforced with aluminium. Strong, lightweight and durable.

Handling

Forklift truck and pallet truck.

Transport

The dimensions of H1132mm x L1155mm x W1155mm make this ideally suited to containerisation (deep sea.)

Storage

Pallet Racking compatible

Self stacking

Advantages

The MPP Plastic foldable bag-in-box is a low cost rental option for high risk areas.

Manufactured in Polypropylene, the MPP has a capacity of 1060 litres, is light weight at only 90Kg. The MPP has a low working height and is easy to assemble, fill and discharge.

A Flat internal floor makes this unit universal for Liquids and Dry goods. A low level outlet minimises residues in the Liner when used with liquids.

Metano Liquid Liners

2” cutter membrane and 2” butterfly valve liners are available both in LLDPE and with intermediate barrier layers if required.

All Liners are manufactured by Metano to the highest standards in our BRC approved ISO validated clean room.

All Metano rental units are reusable and can be recycled at the end of life. Metano can offer a truly sustainable cradle to grave rental solution for all your liquid packaging needs.
