

Part Number MET0000045

GLCM Galvanised Steel Folding IBC (1000Ltr).

Bag in Box Technology.

Rental Only.

For the transport and storage of viscous non Hazardous Liquids. Food Stuffs, Non Hazardous Chemical applications and more.....

Description

Galvanised Steel Folding IBC (1000Ltr). Bag in Box Technology

35 degree sloped base for viscous liquid products, compatible with 2" and 3" liquid Liners. Food Stuffs, Non Hazardous Chemical applications and more.....

Forklift, Pallet truck, Racking.

H1380mm x L1200mm x W1000mm

Model	GLCM
Part Number	MET0000045
Capacity	1000
Dimensions External (mm)	H:1380 x L:1200 x W:1000
Dimensions Folded (mm)	H:675 x L:1200 x W:1000
Tare Kg (from - to)	196 - 217
Gross Weight Kg (from - to)	1696 - 1717
Max S.G	1.5
Base Slope	35 deg
UN Packaging Group	N/A
Test Pressure	0
Max Working Pressure	0
Vaccum	0
Construction	Galvanised Mild Steel
<u>Transport and storage</u>	
Warehouse Store	
Stack Qty Full	4
Stack Qty Empty (Folded)	8

40 ft Taut liner	
Stack Qty Full	2
Stack Qty Empty (Folded)	3
Shipping Container	
Stack Qty Full	1
Stack Qty Empty (Folded)	3

Construction

Heavy duty Galvanised steel construction, manufactured from heavy gauge steel for the most demanding environments.

Handling

Forklift truck and pallet truck. Optional fork-loop arrangements available.

Transport

The dimensions of H1380mm x L1200mm x W1000mm and a 35 degree slope make this unit ideally suited to product that do not flow easily.

Storage

Pallet Racking compatible
Self stacking

Advantages

The GLCM Galvanised Steel foldable bag-in-box is a low cost rental option for the transport and storage of viscous products such as sauces, fruit pulp, thick dairy products and tomatoe paste.

The GLCM has a capacity of over 1000 litres, is built to last and has unrivalled discharge capability with its 35 degree sloped base.

Easy to assemble, fill and discharge.
Large outlets aid product discharge.

Metano Liquid Liners

2" and 3" cutter membrane and 2" and 3" butterfly valve liners. Available in 3 ply LLDPE, can be manufactured with intermediate barrier layers if required.

All Liners are manufactured by Metano to the highest standards in our BRC approved ISO validated clean room. All Metano rental units are reusable and can be recycled at the end of life. Metano can offer a truly sustainable cradle to grave rental solution for all your liquid packaging needs.
